Mrs. A. Conen after nearly a month's stay with her parents in Athens, Ga., came home yesterday.

There was a big smash up on the S. A. L. Monday morning. The north bound freight that left here at an early hour, broke in three parts near the old fair grounds, and a wreck was the consequence. Eight or nine cars were thrown off the track, and five of them smashed into kindling wood, and merchandise of various kinds was scattered around in all directions. Work was at once begun to clear the track, and it was so speedlily done that the south bound vestibule came through on time. Murray Adams, a negro tramp, was so badly injured that he died Monday night. He was an escaped jail bird, and wanted in several places to answer for crimes he had committed. Quite a number of our people went down to the scene of the wreck.

Miss Rosa Maxwell who has been on a visit to relatives in Savannah, Ga., for several months has returned.

It has been decided by the Democratic voters of the city to hold a primary election for the city officers. This is a good plan, especially in this race, as there are several aspirants for the Mayorality, and there may be more than one from each ward for councilman.

Just before night Monday an agent for a patent fire extinguisher, gave an exhibition of the apparatus. Somegoods boxes, saturated with kerosene, were set on fire and as quickly put out. Thus ended the show.

Miss Nellie Herns, a pretty, bright and attractive young lady of Athens, Ga., is the guest of her sister Mrs. A. Cohen, whom she accompanied on her return home yesterday.

Mr. M. T. Coleman has accepted a position with Mr. A. Cohen, and will be glad to see bis friends and customers, and to supply them with everything they need in clothing, hats and gents furnishings.
